

**Section 1: Identification****Product Identifier:** Black Powder (includes all grades)**Manufacturer's Name:** GOEX Powder, Inc.**Informational Telephone Number:** 1-(318) 382-9300**Address:** P.O. Box 659  
Doyline, LA 71023-0659**Emerg. Phone Number:** 1-(800) 255-3924 (Chem Tel)**Recommended Use:** for use in competitive and recreational shooting, muzzleloading hunting and the U.S. Military .**Section 2: Hazard(s) Identification**

<u>Hazard category:</u>	<u>Signal Word</u>	<u>Hazard statement</u>	<u>Pictogram</u>
Division 1.1	Danger	Explosive; mass explosion hazard	

**Target Organ Warning:** Above OSHA levels, chronic exposure may cause skin irritation and damage to the respiratory system, and acute exposure can cause skin, eye, and respiratory irritation.**Section 3: Composition/information on ingredients**

<u>Component</u>	<u>CAS-Number</u>	<u>Weight %</u>
Charcoal	16291-96-6	8-18%
Sulfur	7704-34-9	9-20%
Potassium Nitrate	7757-79-1	70-76%
Graphite (note: not contained in all grades of black powder)	7782-42-5	<1%

**Section 4: First-aid measures**

<b>Ingestion:</b>	* Not a likely route of exposure. If ingested, dilute by giving two glasses of water and induce vomiting. Avoid, when possible and contact a Poison control center for advice on treatment, if unsure.
<b>Eye Contact:</b>	* Not a likely route of exposure. Flush eyes with water.
<b>Inhalation:</b>	* Remove patient from area to fresh air. If not breathing, give artificial respiration, preferably by mouth to mouth. If breathing is difficult, give oxygen. Seek prompt medical attention. Avoid when possible.
<b>Skin Contact:</b>	* wash the affected area with copious amounts of water. Some persons may be sensitive to product.
<b>Injury from detonation:</b>	* Seek prompt medical attention immediately.
<b>Note to Physician:</b>	* Treat symptomatically.

**Section 5: Fire-fighting measures**

<b>Extinguishing media:</b>	* Water may be used as the extinguishing method. DO NOT FIGHT EXPLOSIVES FIRES. Evacuate the area according to Emergency Response Guide 112 guidelines. Isolate the area and guard against any intruders.
<b>Special Procedures:</b>	* Black Powder is extremely flammable and may deflagrate. Get away and evacuate the area.
<b>Unusual Hazards:</b>	* As with any pyrotechnic, if under confinement or piled in slight confinement, Black Powder can explode. No known toxic fumes are emitted, but good ventilation should still be present.

**Flash Point:** not applicable.**Auto ignition Temp:** Approximate range: 392° -867°F /(200° -464°C)**NFPA Ratings:****Health=1****Flammability=3****Reactivity=1****Advice and PPE for Firefighters:**

\* Fires involving Black Powder should not be fought unless extinguishing media can be applied from a well protected and distant location from the point of fire. Self-contained breathing apparatus (SCBA) and protective clothing must be worn. Follow Emergency Response Guide 112. Wash all clothes prior to reuse.

**Section 6: Accidental release measures****Personal precautions, protective equipment and emergency procedures:**

\* Non-flammable or flame retardant clothing should be worn when cleaning up spilled material. Material is sensitive to ignition from sources such as heat, flame, impact, friction or sparks. Therefore, non-sparking utensils should be used.

**Spill/leak response:** \* Use appropriate personal protective equipment. Isolate area and remove sources of friction, impact, heat, low level electrical current, electrostatic or RF energy. Only competent, experienced persons should be involved in cleanup procedures.

**Environmental precautions:**

\* Clean up spills immediately using non-sparking utensils Do not dispose of in the ground.

\* Spill residues may be disposed of per guidelines under Section 13: Disposal Considerations.

**Section 7: Handling and storage**

**Storage Conditions:** \* Store in a cool, dry place in accordance with requirements of 27CFR555.201-555.219 (ATF Subpart K)

\* Avoid heat, impact, friction and static. Protect against heat effects. Keep away from heat, open flame and ignition sources.

\* Absolutely no smoking around open powder or packages. Keep away from combustibles. Avoid electrostatic charges.

\* Store in a cool, dry place Do not store in the same area with highly combustible materials.

\* Keep containers closed at all times when not being used. Keep out of reach of children. Open and handle container with care.

\* Follow all local, state and federal laws when storing this product.

**Section 8: Exposure controls/personal protection****Personal protection for routine use:**

\* Respiratory protection is not normally needed. If significant dusting occurs, a NIOSH approved dust mask should be worn. Good ventilation is recommended when working with Black Powder. Gloves may be worn to protect skin. Safety glasses with side shields are recommended for eye protection. Flame retardant outerwear such as coveralls or lab coat may be worn.

**Health Hazards (Acute or chronic):** \* TLV is unknown for ingestion of dust.

**Signs/Symptoms of Exposure:** \* Burning or itching of the eyes, nose or skin; shortness of breath.

**First Aid Procedures:** \* Remove the patient from exposure and if skin contact, wash the affected area with water

**Section 9: Physical and chemical properties**

**Physical State:** Granular powder

**Solubility:** Good in water

**pH:** 6.0-8.0

**Vapor Pressure/Density:** not applicable

**Appearance:** Black in color

**Auto-ignition Temp.:** 392° -867° F /200° -464° C

**Odor:** No odor detectable

**Boiling Point:** Not applicable

**Section 10: Stability and reactivity**

**General Information:** \* Loading data and the instructions for loading must be observed.

**Hazardous decomposition:** \* Detonation produces hazardous overpressures and fragments (if confined). Gases produced may be toxic if exposed in areas with inadequate ventilation.

**Conditions to Avoid:** Avoid heat, impact, friction or static. Protect against heat effects. Keep away from heat, open flame and ignition sources. A violent burn or deflagration could occur by above mentioned items.

**Substances to Avoid:** Avoid contact with alkaline substances or strong acids.

**Section 11: Toxicological information**

\* LD<sub>50</sub> Values: unknown

\* TLV unknown for ingestion of dust. Some persons may be unusually sensitive to the product.

\* None of the components of Black Powder are listed as a carcinogen by NTP, IARC or OSHA.

\* Routes of entry include Skin, Inhalation and Ingestion. (Acute Toxicity=Category 4) per Table A.1.1 of 29CFR1910.1200

**Section 12: Ecological information**

\* Do not dispose of powder or residues into any water streams or bodies of water. Avoid spilling powders onto any soils. Clean up any spills promptly.

\* No known adverse effects on marine or other aquatic organisms.

**Section 13: Disposal considerations**

\* Care must be taken to prevent environmental contamination from the use of this material. The user has the responsibility to dispose of unused material, residues and containers in compliance with all relevant laws and regulations regarding treatment, storage and disposal for hazardous and non-hazardous waste. Powder can be burned in very small quantities and in very thin layer and must only be ignited from a safe distance.

**Waste Disposal:**

\* Desensitize by diluting in water. Open train burning, by qualified personnel, may be used for disposal of small unconfined quantities. Dispose of in compliance with Federal Regulations under the authority of RCRA (40CFR Parts 260-271).

\* Do not dispose of the black powder container into a fire.

**Section 14: Transport information**

Label required: Explosive

**Highway:**

**Class or division:** 1.1D or 4.1 Flam Solid-(if <100 pounds).

**UN Number:** UN0027 (NA0027 for 4.1 Flam Solid)

**Shipping Name:** Black Powder

**Air Transport:**            **Forbidden!**

**Maritime IMDG**

**Class or division:** 1.1D

**UN Number:** UN0027

**Shipping Name:** Black Powder

**Section 15: Regulatory information**

\* All products related to Black Powder are reported annually as per Community Right-to Know (Tier II). Black Powder has been approved by PHMSA and copies of the approvals are on file with Environmental, Health and Safety Manager.

**Section 16: Other information**

**Prepared By:** Mark Wendt, Environmental, Health and Safety Manager            email: [mwendt@hodgdon.com](mailto:mwendt@hodgdon.com)
